

## JONAS KJELLANDER

*Senior Architect,  
Lighting Designer, Educator  
Sweco Architects - Sweden*

Jonas Kjellander has comprehensive experience from public and private developments involving building, interior and urban design.

He is the responsible architect and/or lighting designer for a wide selection of schools, higher education, kindergartens, activity centers, libraries, offices, retail, restaurants, sport facilities, residential buildings and historic environments, of which a considerable amount have been published nationally and internationally. His international experience comprises China, Malaysia, Panama, Mexico, Greece, Austria and Norway.

Jonas is devoted to design for social sustainability with the children's perspective and lighting as a major tool for pedagogy, inclusion and wellbeing. He has been awarded the Swedish Lighting Prize three times as well as the Nordic Lighting Prize and the Great Merit Prize by the Swedish Lighting Foundation. He is a frequent lecturer on the integrated fields of architecture, children and light.
